

OCEAN REPORT CARD

LIONFISH

SUBJECT	GRADE	COMMENTS
Physical Education	B+	Not the fastest fish on the reef, but very graceful. Can move quick and smooth when it counts: mealtime.
Critical Thinking	B-	A stealthy ambush predator. Uses clever hunting tactics like disguising the motion of its fin to sneak up on unsuspecting prey.
Music	C-	Will make rhythmic sounds, but not much is known about what these sounds communicate. Looking forward to learning all they can do!
Drama	A-	A born diva! While they might blend into the coral reef at first, their striking stripes and showy fins make them an overall scene-stealer.

TEACHER COMMENTS:

Prickly demeanor – venomous spines keep classmates at bay.

Not good at playing with others and staying in their lane—especially in ecosystems where it’s invasive.

All animals adapt to their environment in different ways and get A's across the board for surviving in our oceans!
