Directors' report for the year ended 31 December 2021

The Trustees, who are also Directors, present their report along with the financial statements of the Charity for the year ended 31 December 2021.

Structure, Governance and Management

The Charity is a private company limited by guarantee incorporated on 2 October 2006, and is a registered charity (registered on 19 June 2007, registration number 1119722, company number 5952219). The Charity's primary governing documents includes its Memorandum and Articles of Association.

Oceana, Inc. is the sole member of the Charity, exercising its influence through its control of the composition of the Trustees of the Charity. Oceana, Inc. is a U.S.-based not for profit organisation.

The business of the Charity is managed by the Trustees, who may exercise all the powers of the Charity. The Charity is comprised of a minimum of three Trustees, appointed by a resolution of the members for a renewable term of three years.

The Trustees appointed two managers for the day-to-day management of the Charity on 4 October 2010:

Andrew F. Sharpless	Director and Chief Executive Officer, Oceana, Inc.
James F. Simon	President, Oceana, Inc.

The Trustees appointed an additional manager for the Charity on 30 January 2017 as indicated below:

Christopher M. Sharkey Chief Financial Officer

Pascale Monique Ena Moehrle was appointed as Manager and Executive Officer on 18 September 2019.

The managers manage the Charity by implementing the policies and strategies adopted by and within a budget approved by the Trustees. The managers report regularly to the Trustees on the activities undertaken in managing the Charity and provide them regularly with management accounts sufficient to explain the financial position of the Charity.

Trustees

The Trustees of the charitable company during the period of 1st January 2021 to 31st December 2021 were:

Adam Kushner Ana Barreira Dima Mounir Freij Sara Robinson

Address

Bates, Wells and Braithwaite 10 Queen Street Place London EC4R 1BE

(a company limited by guarantee)

Directors' report for the year ended 31 December 2021 (continued)

Recruitment and Appointment of Trustees

The directors of the company are also charity trustees for the purposes of charity law. Under the requirements of the Memorandum and Articles of Association the trustees are appointed by a resolution of the members for a renewable term of three years.

All trustees give their time voluntarily and receive no benefits from the charity.

Trustee Induction and Training

Most Trustees are already familiar with the work of the charity. New trustees are invited and encouraged to visit Oceana Inc.'s offices to familiarise themselves with the charity and the context within which Oceana UK operates where they are also offered any training deemed necessary to fulfil their new role.

Pay policy of senior staff

The managers of the organization are responsible for annually reviewing the pay and conditions of staff and volunteer expense remuneration and establish a pay and benefits policy broadly in line with comparable organisations.

Objectives and Activities

The principal activities of the Charity are set out in the Memorandum of Association dated 2 October 2006. Its principal objective is to protect life in the sea for public benefit through marine conservation and education of the public in all matters relating to marine conservation and the protection of life in the sea.

During the year, Oceana UK reached out to supporters of ocean conservation to describe the need to protect ocean life and the opportunities for policy reform related to fisheries and other ocean conservation issues. Oceana UK emphasized the campaigns undertaken by Oceana, Inc. and its associated organizations, especially Fundación Oceana, and provided updates on the campaigns' progress. Fundación Oceana is headquartered in Madrid, Spain and has offices in Brussels, Belgium and staff in Copenhagen, Denmark and Dublin, Ireland. It focuses on the fisheries policies of the European Union and on establishment of marine protected areas.

Achievements and Performance for the Public Benefit

The Trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Charity's aims and objectives and in planning future activities.

2021 Workplan and Achievements

Note to Readers: For purposes of this report, unless otherwise noted "Oceana" is an inclusive term that can include work, activities, and achievements of any of the Oceana organizations and legal entities, including Oceana, Inc., Fundación Oceana, and Oceana UK. Together, the Oceana international organizations form the largest international advocacy group dedicated solely to ocean conservation. We are rebuilding abundant oceans by winning science-based policies in countries that control one-third of the world's wild fish catch. With nearly 200 victories that stop overfishing, habitat destruction, pollution and the killing of threatened species, Oceana's campaigns are delivering results. Together, we can save the oceans and help feed the world. Oceana organizations have campaigners in North, South and Central America, Asia and Europe.

Directors' report for the year ended 31 December 2021 (continued)

During 2021, Oceana has made advances in the following two working areas:

Building Effectiveness of the MPA Network in Europe: While the UK and devolved governments have designated over 30% of their seas in Marine Protected Areas (MPAs), they are yet to protect all sites from damaging activities, and many are little more than "paper parks". Oceana decided to focus on the 64 offshore MPAs designated for benthic habitats and undertook analysis that showed that fishing with bottom towed fishing gear was still occurring in 62 of the MPAs. Oceana issued several letters to the UK government highlighting the laws that restricted this activity and won a three-year commitment to manage fisheries in all UK offshore MPAs. Oceana also began the process to establish at least five pilot Highly Protected Marine Areas (HPMAs) urging the government to expedite the identification of HPMAs by prioritising existing MPAs.

Defending Sustainable Fisheries Management: Oceana published the UK Fisheries Audit – thought to be the UK's first, which analysed over 100 stocks concluding that of the Top 10 most important economically, six are overfished. This report was used to provide data for our advocacy to encourage Government to set Total Allowable Catches (TACs) in line with scientific advice and below Maximum Sustainable Yield. Some progress was made in the late setting of TACs for 2021 and then the TACs for 2022 with a few more stocks set at sustainable levels, and this was the first year that the UK and EU agreed on TACs since Brexit to implement the Trade and Co-operation Agreement (TCA). Oceana also worked to influence the Joint Fisheries Statement, which will be the first UK fisheries policy since Brexit and produced briefings on this topic.

Financial Review

Income for the period from donations and investments was £32,938 (2020: £136,878). Expenditure was £587,878 in 2021 (2020: £518,684). This was spent on charitable activities, governance, and administration costs of the Charity. Further details can be found in the statement of financial activities. Oceana, Inc. provides funding to Oceana UK for any deficits incurred.

Reserves

The Trustees review the Charity's reserve policy in light of Charity Commission guidance. Due to the fact that Oceana, Inc. funds Oceana UK's deficit spending, Oceana UK has no reserve policy.

Future Plans for the Public Benefit

In 2020, Oceana carried out a UK Feasibility Study to explore the opportunities for strengthening its operations and campaign work in the United Kingdom. In 2021 plans were approved for 2022 that include hiring additional capacity to expand current campaigns and adding at least one more campaign, pending on receiving adequate funding.

Our work in 2022 will focus on the following areas:

Building Effectiveness of the MPA Network in Europe: With the objective of 20% of UK seas being fully protected from bottom towed fishing gear, achieved by 2026, we will work in 2022 to get at least five new Highly Protected Marine Areas designated off England and Scotland and a ban on bottom-towed fishing gear from at least 10 additional offshore UK MPAs (by England's Marine Management Organisation (MMO) and Marine Scotland).

Directors' report for the year ended 31 December 2021 (continued)

Defending Sustainable Fisheries Management: The objective is that all commercial stocks, including shared stocks, around the UK are fished at sustainable management levels. With this purpose in mind, Oceana will work in 2022 to ensure the UK Joint Fisheries Statement details clear actions to meet the Fisheries Objectives, particularly a commitment to fish below MSY as part of the precautionary objective. We will work to achieve a TAC setting below scientific advice for at least two fish, and that catch limits for at least three stocks are set in line with the best available scientific advise for UK fish stocks (including shared stocks) and increased relative to 2021.

We are in in the process of examining the feasibility of launching additional campaigns that adapt our strategies in other geographies to the needs of the UK. Such potential campaigns could include: Fighting Climate Change, Deterring Illegal Fishing through Transparency and/or Preventing plastic pollution by campaigning to reduce the production and distribution of unnecessary single-use plastics.

Risk Management

The Trustees are aware of their responsibility to identify, consider and manage material financial and nonfinancial risk facing the charitable company. They have considered and put into place systems and procedures to manage such risks. To that effect a Risk Register was introduced in 2018 and is discussed at Trustee meetings and updated annually.

The systems of internal control are designed to provide reasonable, but not absolute, assurance against material misstatement or loss. This is achieved by:

- Regular consideration of financial results, variances from budgets, non-financial performance indicators and benchmarking review;
- · Delegation of authority and segregation of duties;
- Identification and management of risks.

As well as the financial control systems, the Trustees continually review and monitor the workings of the Charity throughout the period.

Statement of Trustees' Responsibilities

The Trustees are responsible for preparing the Annual Report and the financial statements of the Charity in accordance with the Companies Act 2006 and for being satisfied that the financial statements give a true and fair view. The Trustees are also responsible for preparing the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees (who are Directors of the Charity) to prepare financial statements for each financial period that give a true and fair view of the state of affairs of the Charity and of the income and expenditure of the Charity for that period. In preparing these financial statements, the Trustees are required:

- To select suitable accounting policies and then apply them consistently;
- To make judgements and estimates that are reasonable and prudent; and

Directors' report for the year ended 31 December 2021

• To prepare the financial statements on a going concern basis, unless it is inappropriate to presume that the Charity will continue in business.

The Trustees are responsible for keeping adequate accounting records that show and explain the Charity's transactions, disclose with reasonable accuracy at any time the financial position of the Charity and enable them to ensure that the financial statements comply with the Companies Act 2006.

They are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Accounts

This report has been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

Provision of information to auditor

Each of the persons who are directors at the time when the directors' report is approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the company's auditor is unaware; and
- that the director has taken all the steps that ought to have been taken as a director in order to be aware of any
 information needed by the company's auditor in connection with preparing his report and to establish that the
 company's auditor is aware of that information.

Signed on behalf of the board,

h M. Mh

Trustee A Kushner

Independent Auditor's Report for the year ended 31 December 2021

Independent Auditor's Report to the Trustees of Oceana UK for the year ended 31 December 2021

Opinion

We have audited the financial statements of Oceana UK ('the company') for the year ended 31 December 2021 which comprise the Statement of Financial Activities, the Balance Sheet and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard Applicable in the UK and Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 December 2021 and of its
 incoming resources and application of resources, including its income and expenditure, for the year then
 ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs(UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Independent Auditor's Report for the year ended 31 December 2021 (continued)

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' annual report for the financial year for which the financial statements are
 prepared is consistent with the financial statements; and
- the trustees' annual report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the trustees' annual report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the trustees were not entitled to prepare the financial statements in accordance with the small companies
 regime and take advantage of the small companies exemption in preparing the Trustees' Annual Report and
 from preparing a Strategic Report.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 5, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

Independent Auditor's Report for the year ended 31 December 2021 (continued)

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

The objectives of our audit in respect of fraud, are to identify and assess the risks of material misstatement of the financial statements due to fraud; to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud, through designing and implementing appropriate responses to those assessed risks; and to respond appropriately to instances of fraud or suspected fraud identified during the audit. However, the primary responsibility for the prevention and detection of fraud rests with both management and those charged with governance of the charitable company.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory requirements applicable to the charitable company and considered that the most significant are the Companies Act 2006, the Charities Act 2011, the Charity SORP, and UK financial reporting standards as issued by the Financial Reporting Council.
- We obtained an understanding of how the charitable company complies with these requirements by discussions with management.
- We assessed the risk of material misstatement of the financial statements, including the risk of material misstatement due to fraud and how it might occur, by holding discussions with management.
- We inquired of management and those charged with governance as to any known instances of noncompliance or suspected non-compliance with laws and regulations.

1

 Based on this understanding, we designed specific appropriate audit procedures to identify instances of non-compliance with laws and regulations. This included making enquiries of management and obtaining additional corroborative evidence as required.

As part of an audit in accordance with ISAs (UK) we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,
 intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of
 the charitable company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on
 the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may
 cast significant doubt on the charitable company's ability to continue as a going concern. If we conclude that
 a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures
 in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are
 based on the audit evidence obtained up to the date of our auditor's report. However, future events or
 conditions may cause the charitable company to cease to continue as a going concern.

Independent Auditor's Report for the year ended 31 December 2021 (continued)

 Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to any party other than the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the financial statements for the year ended 31 December 2021

1 Accounting policies

Oceana UK is a private limited company incorporated in England and Wales under the Companies Act. It is a company limited by guarantee. The address of the registered office is 10 Queen Street Place, London, EC4R 1BE. The principal accounting policies adopted, judgements and key sources of estimation or uncertainty in the preparation of the financial statements are as follows:

Basis of preparation

The financial statements have been prepared on a historic cost basis and rounded to the nearest pound.

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006. Oceana UK meets the definitions of a public benefit entity under FRS 102.

Financial reporting standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.39 to 11.48A;
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.29;

This information is included in the consolidated financial statements of Oceana Inc. as at 31 December 2021 and these financial statements may be obtained from the registered office at 1350 Connecticut Ave. NW, 5th Floor, Washington, D.C. 20036, United States of America.

Going concern

The Financial Statements are prepared on the going concern basis which assumes that Oceana UK will continue in operational existence for the foreseeable future. The Board of Trustees have considered the working capital and cash flow requirements for at least 12 months from the date of approval of these financial statements. In making this assessment the trustees have considered the impact of Covid19 on the financial position of the charity. Oceana Inc. has confirmed it will continue to provide sufficient financial support to the charity to enable it to continue in operation for at least one year from the date of approval of these financial statements. As a result, the Trustees have continued to adopt the going concern basis in preparing the financial statements

Foreign currency

Foreign Currency transactions are recorded at the exchange rate at the time of the transaction. Foreign currency balances are translated into sterling at the exchange rate at the balance sheet date. Resulting gains or losses are included in the Statement of Financial Activities.

Donations Income

Cash donations and gifts are included in the Statement of Financial Activities when conditions for their receipt have been met. When donors specify that donations given to the charity must be used in future accounting periods, the income is deferred until those periods.

Notes to the financial statements for the year ended 31 December 2021 (continued)

1 Accounting policies (continued)

Income from fundraising events is included in the financial statements in the period in which the fundraising event takes place.

Expenditure

Expenditure is recognised on an accruals basis in the period in which they are incurred,

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Tangible fixed assets

Generally, tangible fixed assets are capitalised if they can be used for more than one year and cost at least £500. They are valued at cost.

Depreciation of fixed assets is charged at rates estimated to write off their costs over the expected useful lives. The rates used are as follows:

Plant and Equipment	× 10	% straight line
Computer equipment	- 25	% straight line

Deblors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Fund accounting

The charity reviews incoming resources to determine whether any funds should be treated as restricted, based on the wishes of the donors.

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the directors. The directors can use part of the unrestricted funds from time to time for specific projects and set up designated funds to reflect this.

(a company limited by guarantee)

Notes to the financial statements for the year ended 31 December 2021

Restricted funds can only be used for the particular restricted purposes within the objectives of the charity. Restrictions are imposed by the donor or when funds are raised for specified restricted purposes.

Operating leases

The cost of operating leases is charged to the Statement of Financial Activities over the period to which they relate.

Pensions

Defined contribution pension plan

The company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payment obligations.

The contributions are recognised as an expense in the Statement of Financial Activities when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the company in independently administered funds.

Accounting judgements and estimation uncertainty

In preparing financial statements it is necessary to make certain judgements, estimates and assumptions that affect the amounts recognised in the financial statements. The following judgements and estimates are considered by the Trustees to have the most significant effects on amounts recognised in the financial statements:

Useful Economic Lives – The annual depreciation charge for plant and equipment and computer equipment is sensitive to change in the estimated useful economic lives and residual value of assets. These are reassessed annually and amended where necessary to reflect current circumstances.

2 Income from donations and legacies

	Unrestricted funds £	Restricted funds £	2021 £	2020 £
